

# meet the TOYOTA Land Cruiser

Unique. Incomparable. The first... the only...  vehicle of its kind ever built. Four wheel drive  takes you where cars were never meant to go. Takes you there easily with a gutty, powerhouse **120** horsepower engine. Takes 7  people comfortably... 10  if they're kids. A real Trojan  for work... with a winch up front and power take-off fore or aft. Takes its lumps and bumps, comes begging back for more. Your choice,

hard top, soft top, no top. **YOUR BEST CHOICE** if you're farmer  rancher  garageman  camp operator  golf course manager  military man  forestry man  lumberman  pipeline inspector  construction man  hunter  surveyor  fisherman 

*Our Dealers' Invitation:*

Cruise the Land Cruiser over tougher terrain than you meet in the field.
